2021 SSTS Annual Report

Annual Report for: Rock County in Rock County

Please carefully read all instructions provided throughout the survey.

If your jurisdiction does not administer a septic system program, please send an email back to Katie Dowling at Katie.Dowling@state.mn.us indicating your community does not have an active septic system program.

If your jurisdiction does administer a septic system program, please submit the questionnaire no later than **February 1, 2022**.

Minn. R. 7082.0040 Subp. 5 **Reporting requirements for all local programs.**

Local units of government that administer SSTS programs must provide an annual report to the commissioner. The report must be submitted to the commissioner no later than February 1 for the previous calendar year.

If you have issues navigating the survey or you do not understand a question, please save your progress by clicking save at the bottom of the survey and contact Katie Dowling by phone at 651-757-2301 or email at Katie.Dowling@state.mn.us.

Please do your best to provide accurate information in the data fields. This data is used to quantify the great efforts and progress local governmental units are making throughout the state year after year!

Please ensure the following information can be used to contact the SSTS administrator within your department. The MPCA uses this survey to maintain an annually updated contact list of all local SSTS program administrators statewide.

Definitions:

SSTS Program Contact - an individual who can be contacted at Rock County for items such as: the completion of this survey, ordinance administration, permit issuance/review, and all other local SSTS related questions. **This individual is the primary SSTS Annual Report contact and should expect to receive the following year's survey unless MPCA staff are notified otherwise.**

SSTS Inspector - an individual authorized to conduct inspections on behalf of Rock County. If you have multiple inspectors, only provide the contact information for one of them. All authorized inspectors can be listed later in the survey.

Department Head - an individual in a supervisory position who oversees the activities of the SSTS program.

2021 Tank Report

The MPCA uses this information for the administration of tank fees for licensed SSTS installers across the state. If there were new systems installed in Rock County last year, you must indicate the number of septic system/performance system tanks installed by each licensed installation business below. If there were not any systems installed by SSTS installers in Rock County last year, then select "No" at the bottom of this page.

Septic Tanks - include sewage and pump tanks. These are counted per tank installed.

Performance Tanks - include tanks from advanced treatment systems (Type IV). These are counted as one (1) tank per household system installed.

Do not include permitted systems that weren't yet installed. Tanks fees are only required for tanks actually installed.

To verify license numbers according to business names, use the MPCA's [SSTS Search Tool](#).

*****DO NOT include the "L" in front of the license number." (Correct: 9999 Incorrect: L9999)*****

Note - we are no longer asking for verification on homeowner installations, just SSTS professionals.
