

2022 Annual Shoreland Activities Survey

Directions: Please answer the following questions for your county's 2022 activities within the shoreland area (*1000 feet from lakes and 300 feet from rivers or the extent of the floodplain, whichever is greater*). This survey is six pages in length. All questions are required unless otherwise noted. You will not be able to move onto the next page until all required questions are answered. There is an option to "save" your survey, but clicking this button does not submit your survey to the DNR. **You must click "submit" on the last page of the survey in order for the DNR to receive your responses.** If you would like a copy of your complete responses for your records, please print your survey before you submit. A PDF copy of your survey responses will be sent to you when the survey is closed. To receive a shoreland grant in 2023, this form must be completed by **February 1, 2023**.

0

How many variances were approved in 2022 to allow small contiguous lots in common ownership to be individually developed or sold and not combined as required by Minn. Stat. 394.36 Subd. 5(d)?

0

How does your county identify small contiguous lots in common ownership that are required to be combined under Minn. Stat. 394.36 Subd. 5(d) (ie, those less than 66% of the minimum lot area required by shoreland rules)?

This would be obtained through a review in the permitting process

How does your county enforce the combination of small contiguous lots in common ownership?

Combining the lots would be a condition required through a variance.

Did your county approve any subdivisions (with or without variances) in 2022 where the lots did not meet the lot area and width standards?

- ☐ Yes
☒ No

Did you typically require conditions of approval on variances approved in 2022?

- ☐ Yes
☐ No
☒ N/A: Did not approve any variances in 2022

For approximately how many **variance inquiries** in 2022 were **alternative solutions** found (thus reducing the actual number of variance applications)?

- ☒ All
☐ Most
☐ About half
☐ Hardly any
☐ None
☐ N/A: No variance inquiries were received in 2022

What approaches were most effective in helping owners pursue better solutions?

A review of the site and proposal with the proposers led to finding better options for them.

Does your county require septic system compliance (system upgrades) whenever a variance or permit of any kind is granted?

- ☐ Yes
☒ No
